

PowerTwist PLUS[®]

State-of-the-art Link Belting

PowerTwist PLUS belts are complementary to the range of Fenner Wedge and V-belts and are extensively used in industrial, marine, agricultural, heating, ventilation applications and fitment into inaccessible locations. They are manufactured from high strength urethane / polyester composite, ensuring the finished product is incredibly strong, yet flexible enough to work in the roughest of conditions.

Benefits

- > Can be made to any length in seconds
- > Highly resistant to heat, water, oil, chemicals etc.
- > Use with Fenner[®] ISO standard Taper Lock[®] pulleys, optionally with RMA pulleys
- > Easy to install, rivet-less construction, no tools necessary
- > Reduces transmissible vibrations in some applications
- > Designed to dissipate heat.
- > Standard or optional soft back, for conveying applications
- > -40°C to +110°C temprature range

Size Reference

Available in standard Z, A, B, C, 3V, 5V, SPZ, SPA and SPB

Comes in 5m / box, 20m / box, 100 ft / box & 25ft / box
